Produktinformation

Extra strong magnet

Extreme bending radius

DATA

ITEM NO.	10173
WEIGHT	1,659 kg
DIMENSION	L 1025 mm x B 112 mm x H 60 mm
MATERIAL	Basalt rods, plastic-coated
THREAD	RTG Ø 6 mm
EAN-CODE	9120045478372

DESCRIPTION

The new basalt technology enables extreme bending radii while maintaining high dimensional stability of the rods. All connections are equipped with a 6 mm RTG thread and do not require any impact edges or thread transitions, allowing for clean and friction-free operation. The rods are plastic-coated, preventing fibres from penetrating the skin. The extra-strong magnet reliably holds objects weighing up to 2.5 kg and, in combination with the ball chain, is ideal for precise positioning and guiding through wall and masonry openings. The special sliding hook included easily overcomes obstacles up to 6.5 cm high thanks to its tilting function. The shock-resistant LED lamp with high luminosity and long operating time thanks to a AAA Duracell battery ensures optimum visibility. All accessories can be stored compactly and securely in the practical storage bag with carrying strap. **Optimal area of application:** suspended ceilings, cable ducts, hollow walls, retroactive cabling for non-routed cables, underfloor shafts, various bushings and much more.

Scope of supply: 4 x 1 m RUNPOSTICKS Red (hard) Ø 7,5 mm, 3 x 1 m RUNPOSTICKS Black (medium) Ø 5,5 mm, 3 x 1 m RUNPOSTICKS Yellow (soft) Ø 4,5 mm, 1 x 1 m Fiberglass rod Ø 3 mm, 1 x 0,41 m RUNPOSTICKS Red (hard) Ø 7,5 mm, 1 x 0,41 m RUNPOSTICKS Black (medium) Ø 5,5 mm, 1 x 0,41 m RUNPOSTICKS Yellow (soft) Ø 4,5 mm, 1 x 0,41 m Fiberglass rod Ø 3 mm, 1 x RG7 Guiding head with front thread, 1x Magnet extra strong, 1 x Fishing hook 20 mm opening, 1 x Fishing hook 25 mm opening, 1 x Wedge hook, 1 x Small sliding hook, 1 x L-hook, 1 x Special sliding hook, 1 x Functionglider, 1 x Ball chain, 1 x Eylet incl. ring, 1 x Attachment flexible, 1 x Cable pulling loop with thread – protective cap, outer Ø 30 mm, 1 x Pull loop Ø 1,5 mm, 1 x Roller Ø 24 mm, 1 x LED-Lamp (incl. AAA Battery), 2 x Connection thread, 1 x Eyelet Ø 7 mm

ADVANTAGES

- 30% higher load capacity thanks to basalt fibre technology with extreme bending radii
- Plastic-coated – preventing the fibres from penetrating the skin
- Extra-strong magnet
- Shock-resistant LED lamp
- Practical storage bag
- 15 push rods and 19 accessories
- Cable pulling loop for 1 or more cables
- 6 different hooks for versatile use

INFORMATION

Compatible with:

RC2 Inspection camera

30 m - Item no.: 10140

50 m - Item no.: 10141
